NOTICE

A notice of intent for the following project submitted in accordance with §R307-401-1, Utah Administrative Code (UAC), has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Company Name Questar Pipeline Company – Thistle Creek natural gas compressor station

Location: near Indianola, Utah County

Project Description: Questar Pipeline Company has submitted a Notice of Intent (NOI) to construct, and operate a new natural gas compressor station.

The source will be located in Utah County, near the town of Indianola. Utah County is a Non-attainment area of the National Ambient Air Quality Standards (NAAQS) for PM_{10} . There will be no violations of the NAAQS resulting from this project.

New Source Performance Standards (NSPS) apply to this source (40 CFR 60 Subpart A, and Subpart GG). National Emission Standards for Hazardous Air Pollutants (NESHAP), and Maximum Available Control Technology (MACT) regulations do not apply to this source. Title V of the 1990 Clean Air Act applies to this source.

The potential emissions (in tons per year) will be as follows: PM_{10} = 1.22, NO_x = 19.96, SO_2 = 0.62, CO = 22.30, VOC = 1.48, HAPs = 0.26.

The completed engineering evaluation and air quality impact analysis showed that the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Executive Secretary intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 150 North 1950 West, Salt Lake City, UT84114-4820. Written Comments received by the Division at this same address on or before April 3, 2005, will be considered in making the final decision on the approval/disapproval of the proposed approval order. Email comments will also be accepted at tdejulis@utah.gov. If anyone so requests to the Executive Secretary at the Division in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-4, UAC.

NOTICE

A notice of intent for the following project submitted in accordance with §R307-401-1, Utah Administrative Code (UAC), has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Questar Pipeline Company
180 East 100 South
Salt Lake City, Utah

Project Description: Questar Pipeline has requested to install and operate two new turbine compressors, two generators, and a storage tank battery at the new Blind Canyon Compressor Station. The Blind Canyon Compressor Station is located north east of Price, Utah.

The Proposed Emissions increase will:

PM ₁₀	0.00 tons/year
SO ₂	0.00 tons/year
NO _x	0.00 tons/year
CO	0.00 tons/year
VOC.....	0.00 tons/year

The completed engineering evaluation and air quality impact analysis showed that the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Executive Secretary intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 150 North 1950 West, Salt Lake City, UT84114-4820. Written Comments received by the Division at this same address on or before April 8, 2005, will be considered in making the final decision on the approval/disapproval of the proposed approval order. Email comments will also be accepted at tdanderson@utah.gov. If anyone so requests to the Executive Secretary at the Division in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-4, UAC.

Date of Notice: March 9, 2005
